**Marquet International, Ltd. Forms Strategic Partnership  
With Business Fraud Prevention, LLC**

**Boston – March 23, 2010** – Marquet International, Ltd. announced today that it has formed a strategic alliance with Business Fraud Prevention, LLC, a Colorado-based non-profit educational consultancy that publishes the *Small Business Fraud Prevention Toolkit*. As part of the agreement, Marquet International has become a qualified reseller of the fraud prevention toolkit. The toolkit, which was authored by certified fraud examiner, Julie A. Mucha-Aydrott, includes a two-hour instructional DVD and accompanying 72-page workbook. The toolkit has the information, ideas, and insights to allow a small business owner to understand and detect internal fraud; and the strategies, forms, and checklists to help prevent fraud from happening in the first place.

“We are very pleased to be able to offer the *Small Business Fraud Prevention Toolkit*,” said Christopher T. Marquet, CEO of Marquet International, Ltd. “Small businesses are particularly at risk for internal fraud and employee misconduct simply as a result of generally having a less robust control structure compared to larger organizations. Non-profits also face a high risk of fraud, waste and abuse,” said Marquet.

The Small Business Fraud Prevention Toolkit may be available for purchase at [www.marquetinternational.com](http://www.marquetinternational.com) for US\$169.

According to Business Fraud Prevention, LLC's principal and founder, Mucha-Aydlott, "The toolkit provides small businesses and organizations a simple self-auditing educational arrow in the quiver intended to reduce their exposure to internal fraud, waste and abuse. We are excited to be joining with Marquet International to make the toolkit broadly available."
