**Marquet International, Ltd. Forms Strategic Partnership
With AuditMyBooks, LLC**

Boston – March 28, 2011 – Marquet International, Ltd. announced today that it has formed a strategic alliance with AuditMyBooks, LLC, a Georgia-based firm that offers the AuditMyBooks Analyzer subscription for small business fraud prevention. As part of the agreement, Marquet International has become a qualified reseller of the AuditMyBooks Analyzer. The analyzer is specifically designed to work with Intuit's Quickbooks to automatically check for errors and potential fraud in company Quickbooks records.

"We are very pleased to be able to offer the *AuditMyBooks Analyzer*," said Christopher T. Marquet, CEO of Marquet International, Ltd. "Our analysis on the topic of white collar fraud indicate that small businesses are particularly at risk for internal fraud and employee misconduct. Other entities, such as non-profits and religious organizations also face a high risk of fraud, waste and abuse," said Marquet. "The AuditMyBooks Analyzer will help these organizations stay on top of potential fraud, but also common errors and omissions in handling their finances."

The AuditMyBooks Analyzer is available for purchase at www.marquetinternational.com for a US\$200 annual subscription. "This useful product accompanies our offering of the Vitalics Small Business Fraud Prevention Toolkit also available on our website for sale," Marquet affirmed.

CP Morey, VP of Products & Marketing at AuditMyBooks added, "We're very excited about our partnership with Marquet International. Detecting errors and fraud is just the beginning. Investigation and remediation of the problem are equally important, and Marquet is a leader in providing these services to small businesses."
